

# Storytelling – Study some Masters!

It is storytelling, not storyshowing.

It's tough to show a series of charts / pictures that tell a story.

You must TELL the story, and, LEAD your audience to the desired outcome!

It is said that imitation is the sincerest form of flattery. I believe it. If you want to be a great presenter and storyteller, it only takes three simple things.

1. Study a few experts in the field.
2. Learn from them.
3. Emulate them!

Here is a list of web sites, Youtube channels etc. for many I consider experts in speaking, presenting, coaching, storytelling.

1. Craig Valentine – Master storyteller / speaker coach.

Don't fear watching BAD speakers! Take notes on what you don't like – what doesn't work, for YOU! Learn from these notes – make certain you don't commit those same sins!

Consider joining Toastmasters – give yourself many opportunities to practice, practice, practicee!!!!
